Dear Accountable Manager

EASA APPROVAL OF ORGANISATIONS

Further to your Part 145 / Part M Subpart G or Part M Subpart F approval , please find enclosed your revised approval certificate.

These documents have been reissued following an internal review within the CAA of the way aircraft are presented on EASA approval certificates. The review has resulted in the rationalisation of aircraft types listed in the A2/3/4 ratings and consolidating them into groups where appropriate.

Your organisation will need to ensure that individual aircraft types for which you are approved are identified within the Scope of Work section of your exposition, as approved by the CAA. Please note that only EASA aircraft types should be included in the Scope of Work section of the exposition against this approval.

If you require any assistance or information please do not hesitate to contact us by email at apply@caa.co.uk, or by telephone on 01293 768374.

Yours sincerely
